INTRODUCING JONAS CHILDREN’S VISION CARE AT COLUMBIA UNIVERSITY MEDICAL CENTER
Jonas Children’s Vision Care is a new, multi-faceted initiative with the overarching goal of preventing blindness and treating vision disorders in children. Its key components include patient care, education, scientific research, and advocacy. It is jointly sponsored by the Barbara and Donald Jonas Family Fund and the Department of Ophthalmology at Columbia University Medical Center.

INAUGURAL JONAS LECTURE
“The Role of Genetic Testing in Pediatric Ophthalmology”
Irene H. Maumenee, MD • Columbia University Medical Center

THE NINETEENTH ANNUAL ARTHUR GERARD DEVOE LECTURE
